Sir:

Enclosed is a copy of Young et al U.S. Patent 5,508,186 and Form PTO-1449 listing this patent. We believe that the enclosed Young et al U.S. Patent appears to be the U.S. equivalent of PCT WO 90/05538. Please note that the invention claimed in the present application is neither disclosed nor suggested in Young et al U.S. or PCT.

Since this Information Disclosure Statement is being filed before the first Action in the merits, no fee is due.

Respectfully submitted,

CAROLINE S. BROWN
